

UUTTA KASVUA NEWCO:N YRITYSHAUTOMOSTA

Christian Lardot, NewCo Helsinki

- Provides knowledge and best practices to research-based companies, early-stage teams and start-ups operating in the Health sector.
- Collaboration between City of Helsinki and University of Helsinki – 5 years commitment from City of Helsinki.
- Application opens in October 2019
- 10 – 12 teams or start-ups will be recruited.
- Co-working, office space and infrastructure.
- Network of peer entrepreneurs, advisors and investors.
- Flexible models: alternative opportunities for learning and collaboration.
- Facilitates and runs a market driven operating model where the program is built on the actual needs of the companies and teams.
- Long term, tailor-made coaching and mentoring – up to 3 years (dependant on milestones met) – to support companies to speed up their market entry.
- Supports Health Capital Helsinki program's goals and activities and goals.
- Works closely with existing actors and activities supporting early-stage entrepreneurship (eg HIS, HUS trial platforms, Spark Finland, Tutli programs, Terkko Health Team, Upgraded Life).
- Collaborative models that allow sponsor organizations to co-create startup solutions.
