

WEBINAR

After VALO: Open mic for new health data initiatives and collaboration

In this webinar, stakeholders from research, healthcare, industry and public organisations are invited to present project ideas, share expertise and discover potential collaboration partners. The webinar is part of a series exploring collaboration in the secondary use of health data across the Nordics and Baltics.

SCHEDULE

Tuesday 08.09.2026 at 16.00-17.30

EEST/UTC+3

SITRA

What comes next?

The data are there. The infrastructure is there. Want to utilise them?

The data are not perfect. The infrastructure is not perfect. Want to improve them?

Want someone else to do the work for you? What can you commit to?
